

GTRI Visitor Guidelines

Updated August 2021

Before Your Visit

For your safety, prior to visiting GTRI please review the following:

- All visitors should complete the GT Daily Health Screening Questions before arriving to any GTRI building. (see *page 2 of this document*)
- Visitors may not report to any GTRI facility if experiencing any of the following:
 - **COVID-19 symptoms** within the past 14 days.
 - Been **asked to quarantine** during a time that coincides with the visit.

During Your Visit

During the visit, visitors must comply with the following GTRI policies:

- **Masks are recommended for everyone inside campus facilities**
- **Disposable masks** are available at the guard desk
- **Wash your hands** with soap and water, or sanitize them frequently

How GTRI is Ensuring Your Safety

GT and GTRI has deployed several measures to maximize the health and safety of employees and authorized visitors. At GTRI, we stand by our commitment to promote safety and transparency. Please review the following safety measures that we have in place:

- **Dedicated team** to handle safety measures for positive COVID cases.
- **Fogging Machines** that are used to sanitize spaces.
- Frequent cleaning of **High Touch-Point Areas**.
- Voluntary **Temperature Check Scanners are available** for all employees and guests in building lobbies
- Utilizing CDC recommended **sanitization procedures**
- **Surveillance Testing** is available for all GTRI employees
 - To view onsite surveillance testing statistics and reported positive cases by building, visit the link for more information, <https://health.gatech.edu/coronavirus/health-alerts>

Contact Tracing

- Ensure your meeting host has your email and phone number, to aid in potential contact tracing.
 - In the event of a positive or suspected COVID-19 diagnosis, visitors are required to cooperate fully with GTRI's contact tracing and notification protocols, in alignment with the CDC and the Georgia Department of Public Health.
- Confirm you have your meeting host's contact information, in case you test positive.
 - Any COVID-positive test results or close contact exposures should be reported to the visitor's host/sponsor. Likewise, the sponsor host will notify visitors of any known exposures.

General Inquiries & Questions

Send any inquiries to: covid_ask@gtri.gatech.edu.

Please review and complete checklist before your visit to GTRI. If you select "yes" to any, please reconsider your visit.

Covid-19 Daily Self-Screening Questions

Each day before coming to campus, protect yourself and others by checking off the items below – even if you are fully vaccinated against Covid-19. Safety is our shared responsibility.

- | | |
|---|--|
| <input type="checkbox"/> Do you have a fever (temperature over 100.4° F or 38° C) without having taken any fever-reducing medications? | <input type="checkbox"/> Have you, or anyone you have been in close contact with, been diagnosed with Covid-19 or placed in quarantine for possible exposure to Covid-19 within the last two weeks? |
| <input type="checkbox"/> Do you have a loss of smell or taste ? | If you are fully vaccinated and asymptomatic, you do not need to quarantine following a known exposure to Covid-19. However, recent guidelines from the Centers for Disease Control and Prevention (CDC) state you should get tested 3-5 days after your exposure, even if you don't have symptoms. You should also wear a mask in public indoor spaces for 14 days following exposure or until your test result is negative. If you become symptomatic, isolate yourself from others, get tested for Covid-19, and inform your healthcare provider of your vaccination status. |
| <input type="checkbox"/> Do you have a cough ? | |
| <input type="checkbox"/> Do you have muscle aches ? | |
| <input type="checkbox"/> Do you have a sore throat ? | |
| <input type="checkbox"/> Do you have shortness of breath ? | |
| <input type="checkbox"/> Do you have chills ? | |
| <input type="checkbox"/> Do you have a new or unusual headache ? | |
| <input type="checkbox"/> Have you experienced new onset of any gastrointestinal symptoms such as nausea, vomiting, diarrhea, or loss of appetite in the last few days? | <input type="checkbox"/> Have you been asked to self-isolate or quarantine by a medical professional or a local public health official within the last two weeks? |
